

## Dicyandiamide

| SPECIFICATION DATASHEET |       |               |               |
|-------------------------|-------|---------------|---------------|
| Test                    | Units | Specification | Typical       |
| Appearance              | -     | White Crystal | White Crystal |
| Purity                  | %     | ≥99.5         | 99.69         |
| Moisture                | %     | ≤0.30         | 0.12          |
| Ash Content             | %     | ≤0.05         | 0.03          |
| Calcium Content         | ppm   | ≤200          | 115           |
| Melting Point           | °C    | 209 - 212     | 210           |
| Melamine                | ppm   | ≤500          | 277.95        |
